

Technical drawing of a rectangular frame structure. The drawing shows a central rectangular area with a width of 1.50 and a height of 2.12. The frame is composed of two main sections, each with a width of 0.30. The total width of the frame is 0.30 + 1.50 + 0.30 = 2.10. The frame is surrounded by a thick, textured border. Labels include "ENTRADA" (Entrance) at the top, "SALIDA" (Exit) at the bottom, and dimensions: 0.30, 1.50, 2.12, 0.30, 6 mm, and 15 cm.

The diagram shows a cross-section of a concrete slab. The total width is 0.6 m. The top reinforcement bar has a diameter of $\phi 10 \text{ cm}$. The bottom reinforcement bar has a diameter of $\phi 1/4''$. The distance between the bars is 70 cm. The concrete cover on the top is 2.5 cm. The concrete cover on the bottom is 3.0 cm. The slab is supported by two walls, each 15 cm thick. The walls are made of brickwork. The slab is labeled "SECCO MORTA". The scale is 1:20.
