

UNITED NATIONS NATIONS UNIES

The largest tapestry ever woven, a gift from Belgium to the United Nations, hangs in the General Assembly Building. Designed by Peter Colfs, its themes are peace, equality and prosperity. In the center, the Dove of Peace approaches the Fountain of Good Will. Views of the chief cities of the member states line the borders.

Hoy hice una nueva visita a este sitio, y quiero que reciban esta postal en recuerdo. ~ Muestra un tapiz cuyos temas son paz, igualdad y prosperidad. ¡Ojalá esto fuera aquí algo más que apenas palabras todavía. E.
